

Hawkes Bay, New Zealand Facility Open for Business

Spire Group Limited through its subsidiary, Everest Kool SolutionNZ Limited, is pleased to announce the opening of its Hawkes Bay facility located on Omaha Road in Hastings. The facility consists of 10,000 square meters of temperature controlled space providing 8,000 pallet positions at -20C, 6,000 pallet positions of chiller and 2,000 pallet positions of controlled atmosphere space.

Everest will provide the Hawkes Bay region food producers, growers and distributors with third party cold chain solutions facilitated by its Warehouse Management System Priya®. Priya® includes directed putaway and replenishment, task interleaving, management reporting and voice picking using radio frequency “RF” support.

The opening of the Hawkes Bay facility represents a major step forward in Everest’s development of a nationwide network of cold storage facilities with distribution centres planned for Christchurch, Auckland and the Waikato. Everest also operates facilities in Poti, Republic of Georgia and has developments under way in North America, Romania, India and Saudi Arabia.
